Worship: The Wilderness Report

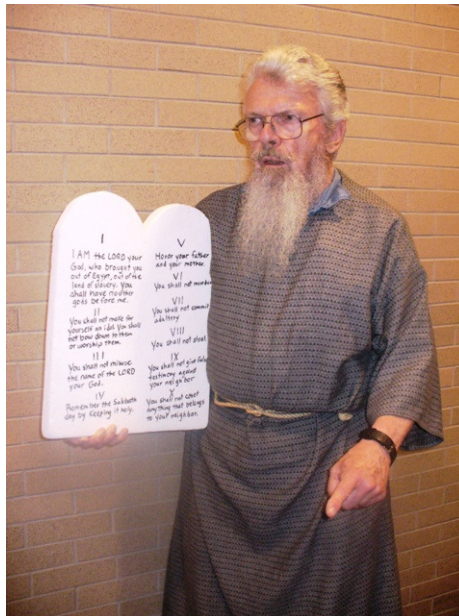

Today's Bible Story: Exodus 32-33

God Forgives Disobedience

Moses went back to Mount Sinai to receive more instructions from God. But he was gone for 40 days and nights and the people began to worry. They forgot about their covenant with God. Aaron finally gave them permission to create a small golden calf. They danced and celebrated as they worshipped this idol.

When Moses returned from Mount Sinai, God had given him stone tablets with the Ten Commandments written on them. But, when Moses saw the people worshipping the golden calf, he was very angry. Moses broke the stone tablets.

The people realized that they had broken their covenant with God. They begged Moses to ask God to forgive them. And God did forgive them. God was merciful and God's words were written on the stone tablets again.
